

T98 TREADMILL

CARDIO VASCULAR EQUIPMENT

The Gym Gear T98 Treadmill is a heavy duty and reliable machine which is ideal for commercial environments whereby the expected usage is heavy. The feel of the machine whilst running has been rated as the best in the industry and this is supported by the high level of machine specification.

Featuring quick shift paddles for both speed and incline adjustments, the user can conveniently adjust these settings during exercises without interrupting their stride pattern.

The T98 Treadmill is also the perfect option for fitness testing as it offers 4 specific tests to cover the requirements of both the Fire and Police Service.
